

Feature Highlights

For Company Secretaries and Board Administrators

Meeting Preparation

Organise meetings across boards and committees, from scheduling and drag-n-drop agenda creation to sending out meeting invitations and notices.

Board Pack Builder

With just clicks, upload files and link them to agenda items to compile them into digital meeting packs. Share this instantly with directors. Updates can be made on the fly.

Minutes Builder

Capture meeting notes by agenda items, track attendance, and assign action items. Submit the minutes for review and publish the final version.

Tasks Tracking

Manage, track, and prioritise actions items throughout the lifecycle of a meeting with tasks. View each team member's deliverables and make note of their progress.

Data Management

Have full control of how information is shared. Access can be flexibly granted by groups, by meeting and by document. Boardlogic helps manage confidentiality and deliver information only on a need-to-know basis.

For Directors, CEOs and Executives

Digital Meeting Packs

Review all documents, whether reports, spreadsheets or slide decks in one place with our intuitive reader, on any device. Files are always up-to-date. Preparing for meetings has never been easier and more effective.

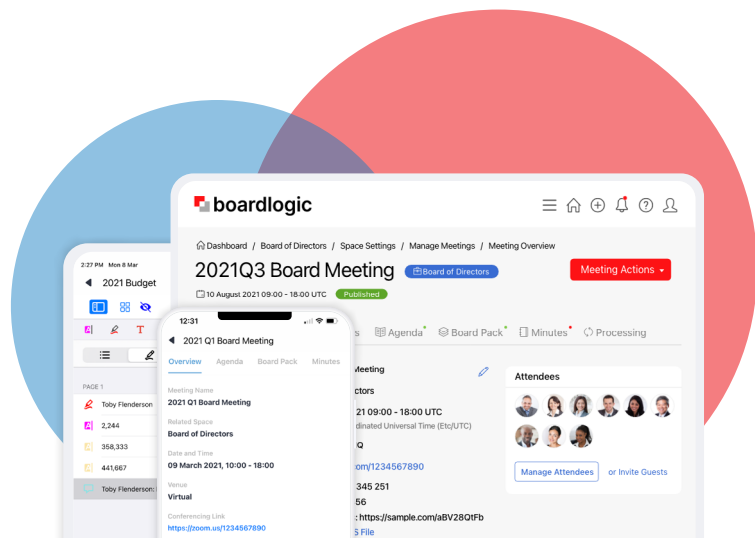

Notes & Annotations

Boardlogic provides an array of tools that let you markup and annotate documents. Annotations are auto-saved and synced across all your devices. It's easy to see a summary of your notes or search for a specific one.

Secure Digital Signatures

Streamline board resolution signings and approvals. Get notified for signature requests and sign with clicks. Track all signer activities with a downloadable signature audit trail.

One Login for Multiple Boards

Boardlogic unifies access to all your board work with one login. Serving on multiple boards? You can securely switch between Boardlogic environments from the same group or separate companies.

Easy to Use

Access Boardlogic's easy-to-use features from any device. With its intuitive interface, directors require little to no training to get started. Fast and secure login with Face ID or Touch ID.

Board Portal Features

Meeting Administration
